

The top performance value
in a compact precision package.

Rollei
B35

It's the low cost Rollei 35, the world's most popular Rollei of recent years. It's small, about the size of a pack of cigarettes! Just 9½ ounces of precision. Your customers will love this easy-to-take-it-with-you 35mm . . . It has

a high definition, wide angle precision lens that makes a rangefinder unnecessary. And it's packed with every picture-taking convenience for top results.

Rollei
35S

With its specially designed, multi-coated Rollei HFT® Sonnar f/2.8 lens, this full-frame Rollei 35S rates as super-camera. The Sonnar formula and HFT® coating set a high in picture

quality. Contrast is better, colors more saturated, light transmission increased, lens flare and reflections decreased. And even at the widest apertures, superb quality is maintained.
