***QUANTITY PRICING GUIDELINES**

Ten categories have been established for quantity pricing. The categories are: (1) AI 35mm SLR camera bodies. (2) AI lenses. (3) El Nikkor lenses. (4) Binoculars (Separate Price List). (5) Speedlights. (6) Nikonos (Separate Price List). (7) Large Format Lenses (Separate Price List). (8) Filters and Close-up Lenses. (9) Lenshoods and (10) Compartment Cases.

To qualify for the various discounts, the following guidelines apply:

1. Buy the individual items in the quantities listed and pay the corresponding prices. Products may be assorted within the same category to achieve maximum discounts. For example: Buy two (2) Nikon FM's, one (1) F2A Photomic, one (1) Nikon F2 and two (2) Nikon EL2's and you pay the net price appearing in the six (6) or more column for each unit.
2. Products purchased in one category may not be included towards achieving quantity discounts in any other category.
3. Certain products are not included and are so indicated in individual footnotes on the price lists.
4. Quantities must be reached on each order to qualify for quantity discount, are not cumulative and must be shipped at one time (e.g.: no split shipment).
5. Back-orders will be shipped at the price in effect at the date of the shipment of the back-order, at the equivalent quantity level for which the original order qualified.
